## INSTRUCTIONS & WARRANTY

### KNOW YOUR GRIT-GRITTER

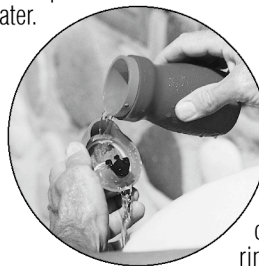

### NEW UNDERWATER VACUUM!

Thanks for buying the *Grit-Gritter*®, the new, easy way to remove grit or solid particles from any large liquid container. It's great for vacuuming Spas & Hot Tubs, Splasher Pools, Swimming Pool Steps, Fountains, and Tight Corners Anywhere!

### IT GETS THE GRIT WHILE YOU SIT!

If you notice grit after you're already sitting in your tub, don't get out of the water to clean it up. The *Grit-Gritter* floats in your tub and is always at hand. The *Grit-Gritter* is great for vacuuming the filter compartment and can also be used to collect things floating on top of the water.

### IT GETS THE SAND WHILE YOU STAND!

If you need to clean up grit when you're not in the water, just use the *Reacher Feature* extender accessory or your *Grit-Gritter Stretch*. Either lets you clean without getting into the water. You can even customize your reach by replacing the long yellow tube with a standard 1" PVC pipe cut to any length you want.

### CLEANS EASILY!

Not only does the *Grit-Gritter* make cleaning easy, it cleans easily too. Just empty the contents outside your tub and rinse the screen.

## SO EASY TO USE!

### STANDARD GRIT-GITTER

1. **FILL THE BULB WITH WATER** by submerging the *Grit-Gitter*® with the bulb end down. Squeeze the bulb one or two times to help remove the air.
2. **POSITION & SQUEEZE.** In one smooth, easy motion, squeeze the bulb, and releasing the bulb quickly, move the *Grit-Gitter* forward (3 to 6 inches) over the grit. A momentary delay before squeezing the bulb again works best.
3. **CLEAN** frequently, or when squeezing the bulb squirts grit and water out of the nozzle. To empty the debris, rotate the bulb counter-clockwise 15° and pull the bulb/ring straight away from the body. Dump the contents outside the tub. Fill the bulb with water and pour over the screen to rinse away debris. Be sure no debris remains in the connection area to prevent interference when you reassemble the bulb to the body. To reassemble, line up the red mark on the body and the red dot on the ring. Push the bulb into the body and rotate the bulb clockwise 15° until the ring locks in place.

### GRIT-GITTER STRETCH or GRIT-GITTER with REACHER FEATURE

Attach the *Reacher Feature* to the *Grit-Gitter* by aligning the colored marks.

The parts will only fit together in one alignment.

*The Grit-Gitter Stretch works best when the water level in the tube is the same as the water level of the body of water being vacuumed. Separate the blue fitting at the bulb end from the yellow tube. Submerge the nozzle end and tube and let it fill with water. Reattach the bulb end of the Grit-Gitter. If suction seems sluggish, make sure the bulb is locked tight into the blue fitting. To maximize suction, release the bulb quickly after squeezing.*

The *Grit-Gitter Stretch* operates and is cleaned just like a standard *Grit-Gitter*. For easiest cleaning, keep debris in the nozzle end by keeping that end lower.

*NOTE: Anything larger than 3/8" in diameter could dislodge the Grit-Gitter's inflow check valve. If this happens, empty the debris and reattach the check valve by hooking the posts into the appropriate slots.*

*The Grit-Gitter is designed to come apart under stress to prevent parts from breaking. If your Grit-Gitter should come apart, simply reassemble it as you would after cleaning.*

### 1-YEAR LIMITED WARRANTY

The GRIT-GITTER® you have just purchased is warranted to the original owner for 1 year from the date of purchase subject to the following terms and conditions:

- A. This warranty covers defects in materials and workmanship.
- B. The original purchaser may send the GRIT-GITTER, together with proof of purchase, and a note of explanation of the defect, to Water Tech. Water Tech will repair or replace at its' option and return with no charge for repairs or return freight.
- C. Damage occurring because of misuse, negligence, or accident is not covered by this warranty.

The GRIT-GITTER is made from chemically resistant parts. Water Tech cannot be responsible for material degradation if the GRIT-GITTER is stored in the tub and the water chemistry is not properly maintained.

THIS LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND ALL SUCH OTHER WARRANTIES ARE DISCLAIMED EXCEPT TO THE EXTENT ANY IMPLIED WARRANTY MAY BE IMPOSED BY STATE CONSUMER LAW. ANY SUCH IMPLIED WARRANTY IMPOSED BY STATE CONSUMER LAW IS HEREBY LIMITED IN DURATION TO ONE (1) YEAR FROM THE DATE OF PURCHASE. IN NO EVENT SHALL WATER TECH BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE OR KIND, OR FOR DAMAGES TO PERSONS OR PROPERTY.
